

What jobs do people do?

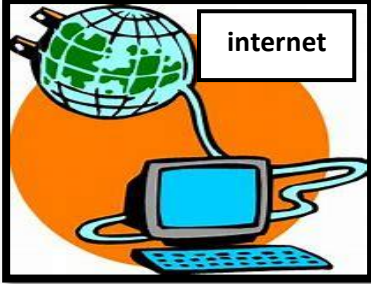

salary

A person's **salary** is the money that they are paid to do their job.

community

A **community** is a group of people living in the same place or sharing something in common.

internet

The **internet** is a large communication system that connects computers and databases all over the world.

earn

To **earn** is to be given something (money or a reward) in return for something (work or services).

job

A **job** is a regular task or piece of work which a person is usually paid for.

**We all have different strengths.**

**What are you really good at? Draw a picture of something you think you are great at!**

Aspirational Ant is very important in our PSHE learning this term. Why do you think this is?

Key Questions

*What jobs do people do?*

*How do people earn money?*

*What makes a person choose a job?*

*Who helps us in our community?*

*What is the difference between needing and wanting?*
